

2020 Addressable TV Video Delivery & Spot Specifications

General Video Ad Requirements

Medicx Media works directly with each Multichannel Video Programming Distributor (MVPD) provider for Addressable TV insertion. The following consortiums and MVPDs are partnered with Medicx for Advanced TV campaign media buy opportunities.

We will be adding additional MVPD partnerships as they become available.

MVPDs Via Consortiums			
			
			
			
			

- HD Spots are only accepted for Addressable Campaigns.
- Addressable TV creative sizes supported are :15, :30 and :60 seconds - :90 sec creative supported through video on demand (VOD) only executions through Comcast.
- Each HD spot must be clearly labeled in the spot(s) filename (see Spot File Naming Conventions)
- Creative agency is responsible for sending spots directly to the MVPD or consortium provider per spot (copy instructions in table below)
